10 Read the following passage and then answer the questions. (2)

2

Elephants are very large. They are the largest animals on earth. There are two kinds of elephants, the African elephant and the Asian elephant. Both are endangered. Asian elephants are even more endangered than African elephants. There are less than 50,000 alive because hunters kill them and people destroy the forests where they live. The number of elephants will increase in the future if people take more care of them and protect their natural homes.

True or false?

1-the Asian elephant is the only endangered elephant.

2-the number of Asian elephant is increasing.

Answer the following questions.

1-how can people help elephants to live longer?

2-how the number of elephants will increase in the future?
