Exercising is a good way of keeping healthy. Do at least 20 minutes of physical activity several times a week. You can go walking in the park or cycling. Regular exercise will make you happier. It also decreases stress. Drinking lots of water keep your body and brain healthy. Being thirsty can make you feel tired or ill. Sleep is more important than you many think. If you stay up late talking with friends on the phone or surfing the net, the next morning you will be tired.

True or False?

1-to be healthy you need to go on a diet.

2-If you don't drink enough water; you may feel tired or ill.

Answer the following question.
